

PURPOSE

To realise New Zealand's bioenergy potential by connecting the value chain, advocating for change and driving industry excellence

OUR KEY VALUE PROPOSITION TO MEMBERS

1.

BANZ connects

the bioenergy value chain, bringing together the fragmented market, organisations and expertise to create a stronger, more coordinated industry.

2.

BANZ provides

a single, trusted and independent voice for New Zealand's bioenergy sector, giving government, industry and stakeholders a credible point of engagement.

FOCUS THEMES TO TRANSITION TO THE FUTURE

1.

Unrealised potential

Unlock and grow New Zealand's bioenergy resources to power a resilient, low-emissions future and drive regional prosperity.

2.

Fragmented market

Bring together disconnected players and sectors to build a more integrated, efficient and investable bioenergy market.

3.

Complexity & recognition

Simplify the complex policy, regulatory and market landscape and grow recognition of bioenergy's value and contribution to New Zealand.

3 KEY ACTIVITIES FOR THE IMMEDIATE NEXT YEAR

Business plan

Define our strategic priorities, operating model and roadmap to deliver impact and value for members and the sector.

Relationship mapping

Identify and map key stakeholders across the value chain to strengthen engagement, partnerships and collaboration.

Comms plan

Build awareness, share our story and position BANZ as the voice of New Zealand's bioenergy sector.

OUR IMPACT

Accelerate investment in a sustainable bioenergy future

Strengthen a connected and collaborative industry

Drive policy and market settings that enable growth

Support regional communities and economic development

Contribute to New Zealand's climate goals and energy security

CONNECTING. ADVOCATING. LEADING.

Building a strong bioenergy sector for a sustainable New Zealand.
