

Learning from Leaders Events

Join our event series that showcases solutions for achieving sustainable practices

Event 1 Powering Dunedin with Renewable Wood Energy

This first event focuses on how waste wood can power Dunedin. Hear from four speakers on these topics:

- **The University's transition to wood energy:**
Hilary Phipps & Hans Pietsch (University of Otago)
- **Maintaining a continuous fuel supply:**
Eduard Ebbinge (Spark Energy)
- **Local policy supporting wood energy:**
Bill Frewen (DCC)
- **Wood energy experiences from Europe and its application to Dunedin:**
Lloyd McGinty (Ahika)

Each talk will be short and sharp with ample time for questions, discussion and networking.

Upcoming Events:

August	The Value of Local Food
October	Energy Efficiency in Practice
December	The True Cost of Fashion
February	On the Road to Sustainable Practice
April	Accelerating the Circular Economy
