

UNICONFORT BIOMASS BOILERS

Italian Technology at Competitive Prices

A Range of European High Efficiency Biomass Boilers

Now Available in New Zealand

AUTOMATIC Ignition, AUTOMATIC Fuel Feed,
AUTOMATIC Ash Extraction, AUTOMATIC Flue Gas Cleaning.

LOW EFFORT, NO MESS ENERGY

EFFICIENCY

Biomass System operating on zero balance CO₂ when compared to fossil fuels
High efficiency with low NO_x and particulate matter.
Efficiencies which can reach 93%

FUELS

Wood Pallet, Wood Chip and various other biomass fuels
Designed to ably operate with high moisture content up to 75% on a dry matter basis
(however the lower the moisture content the higher the thermal output)
Ash can used as a composting agent

RANGE

Wide range of boilers form 199kW to 25MW
200kw systems can be operated from inside a standard container

EXPERIENCE

60 years of experience in converting Biomass into Energy

Ideally suited for schools

We will help you save money and protect the environment.
